No Show Policy

Our goal is to provide quality medical care in a timely manner. In order to do so, we have to implement an appointment/cancellation policy. The policy enables us to better utilize available appointments for our patients in need of medical care.

A patient who does NOT SHOW for their appointments, and who does not notify the practice in advance, will be charged an administrative fee of $25.00. The fee is not payable by any insurance company, and remains the responsibility of the patient. This is due in full prior to your next appointment. We ask that you please call in 24 hours in advance if you are unable to keep your appointment. We do make courtesy reminder calls to patients, so please make sure we have current contact information for you.

Multiple no shows or cancelled visits may result in being dismissed from our practice for non-compliance.

Form Completion Fees

There is an administrative fee charged for form completion requests. Our fees start at $25.00 and up. The amount of time spent researching and completing the form dictates the actual cost. If you would like a quote prior to having the form completed, please let us know. This fee is not covered by insurance companies.

Medications

Our physicians will only authorize prescription refills that they have prescribed. Your refill requests may be denied if you do not keep your follow up appointments. If you have any questions regarding this policy, please discuss this with your doctor at today's appointment.

If you need a refill on your medication, please contact your pharmacy directly. We recommend you contact them at least 72 hours in advance to allow time for our staff to review and approve these requests.

Office Charge

If you do not have insurance, payment is expected at time of service.

If you have insurance, we will submit your charges to your insurance company. Since insurance companies will not guarantee us payment, we cannot guarantee that your charges will be covered. The term "covered" means your insurance company will process the charge according to you benefits. You will be responsible for any out of pocket such as co-insurance or deductibles. Please check with your insurance company if you have questions about your coverage.

Failure to keep your account in good standing may result in you being dismissed from our practice.

Lab Charges

If we are contracted with your insurance carrier, we will send your lab specimens to our facility. Sometimes it is necessary to send some tests that our lab does not perform to an outside lab. You may receive a separate billing from them if your insurance does not completely cover the test being performed. Some insurance negotiate coverage terms with employers and patients directly, and this can affect what you have to pay out of pocket. This can include sending you to another facility to get your labs drawn. Please make our staff aware of these terms at the check in window. Our staff is not made aware of these exceptions by the insurance company. It is the responsibility of the patient to inform us of any special insurance requirements.
I have read and acknowledged the above information.

Patient Signature _____ Date _____

FOLLOW-UP QUESTIONNAIRE

NAME:	DOB:
REASON FOR VISIT:	DATE:

Are you currently experiencing any of these following symptoms (please circle)?:

GENERAL
Tiredness
Weight loss
Weight gain
